## FEBA Radio SA – Station in Mali

Market in Manatali, Mali

**Sun 5 – WEEKLY SUMMARY:** Our partner and soon to be director of our station in Mali, M'Bimba Dembele, grew up in a Muslim home and married a Muslim girl, whose parents are devout Muslims. Even though he was surrounded by Islamic beliefs, he never showed interest in the religion himself. A Christian couple from South Africa told him about Jesus Christ and His saving act on the cross while they were in Mali on a work trip. M'Bimba accepted the Good News and became a Christian. Please pray that more people will hear the gospel and be saved!

**Mon 6** – After being saved, M'Bimba's wife and children also accepted Jesus as their Saviour. M'Bimba built a small radio station to share the gospel with his village. Now, 13 years later, there are two churches and a Christian school – both started by M'Bimba. Praise God!

**Tue 7** – We met up with M'Bimba, who keeps the gospel on air by his own means, to discuss the development of an FM station in Mali. Thank God for our new license and the five relay stations that we're allowed to set up!

**Wed 8** – Please pray for the funds to set up these stations. To purchase the equipment and transport it to Mali will cost approximately R750,000. This does not include the set up and licence fee.

**Thu 9** – Our gospel broadcasts will reach the entire south of Mali and southern parts of Mauritania. Please pray for more broadcasters to help with this enormous task.

**Fri 10** – Please pray for the safety of M’Bimba, his family and his staff, as persecution in Mali is very severe.

**Sat 11** – Pray that the gospel broadcasts will change the religious atmosphere in Mali and that many more people will be saved!

## *FEBA Malawi*

**Sun 12 – WEEKLY SUMMARY:** We thank God with joy when we think of FEBA Malawi and the impact they make in hundreds of Yao people’s lives. Earlier this year Dr Jurie Vermeulen (FEBA Radio South Africa) and Kevin Keegan (FEBC Australia) visited FEBA Malawi’s National Director, Amos Siyabu Phiri, to travel with him and experience first-hand how he shares the Good News to many people in Malawi. Praise God for the 20 – 60 baptisms monthly, as FEBA Malawi baptise those who come to faith through FEBA’s broadcasts.

**Mon 13** – Please pray for Amos and his team as they frequently travel to visit listeners all across Malawi and in some areas in Tanzania and Mozambique as well.

**Tue 14** – Please pray for the necessary funds to buy and distribute radios and listening devices in Malawi. Most Malawian people are poor and can’t afford to buy radios themselves.

**Wed 15** – Thank God for the hundreds of listener responses they receive on a monthly basis. Please pray for every new believer to stand firm in their faith.

**Thu 16** – Please pray for the many Yao people who still need to hear the gospel. Only 2% of Yao people are Christian and the rest are predominantly Muslim.

**Fri 17** – As the ministry continues to grow in Malawi, Amos and his team need more people to help. Please pray that God will send the right people to help with this ministry in Malawi.

**Sat 18** – Apart from the live broadcasts and radio programs, FEBA Malawi also conduct leadership sessions where church leaders gather for fellowship and training. Pray for this additional ministry.

## *Radio Nuru in Mozambique*

**Sun 19 – WEEKLY SUMMARY:** In Mozambique only 10% of the entire population of almost 30 million people, are Evangelical Christians. We praise God for AIM who

donated Radio Nuru, a radio station in the north-eastern part of Mozambique, to FEBA Radio South Africa! Dr Jurie Vermeulen, National Director of FRSA, visited Radio Nuru

and it's board in June this year, where they sat and discussed the terms of the agreement and signed the contract which officially transfers ownership to FRSA.

**Mon 20** – Radio Nuru reaches a few unreached people groups in north-eastern Mozambique in their own languages. Please pray for the different broadcasters who produce programs in these languages.

**Tue 21** – The Makua, Makonde, Mwani and Makwe are some of these unreached people groups of which less than 5% are Christian. Pray that they will come to know Christ through our broadcasts.

**Wed 22** – Pray that God will provide the funds to keep this station running for many more years to come.

**Thu 23** – Ask God to bless the Radio Nuru staff and their families for dedicating their lives to proclaiming the gospel to their countrymen. Pray that God will bless our new partnership with them.

Radio Nuru Board in Mozambique

## December 2017

**Sat 2** – Please pray that the Yao community, who will be listening to these broadcasts, will accept the gospel and grow in their faith.

## FEBC Cambodia

Radio distribution in Cambodia

**Sun 3 – WEEKLY SUMMARY:** In 1957, years before the word 'genocide' was associated with Cambodia, FEBC began broadcasting the gospel into Cambodia from its shortwave station in the Philippines. Broadcasts continued into Cambodia as the turbulence of the Vietnam War spilled across its borders, ravaging its land and people. In 1995, the government allowed national programmers to establish FEBC Cambodia's first office and studio in the capital of Phnom Penh. Please pray for FEBC Cambodia, especially their Na-

tional Director, Sopheary Hem, who has recently fallen ill.

**Mon 4** – Please pray for the producers and broadcasters of Family FM in Phnom Penh, who broadcast more than 16 hours daily, mostly in Khmer.

**Fri 8** – FEBC Cambodia talk about issues like family health, childrens’ rights, IT, law and business. Please pray for the experts they invite to the studio to take part in these discussions.

**Sat 9** – FEBC Cambodia also broadcasts Bible studies, Christian testimonies and songs, and programs offering discipleship and leadership training. Pray that God will inspire their program content.

## FEBC Chinese Ministry

**Sun 10 – WEEKLY SUMMARY:** Chinese authorities recently published ‘Religious Affairs Regulations,’ which states that all religious activities must be registered and take place at officially censored locations, and doctrines and teachings of Christian churches must adapt to ‘socialism core values.’ In previous rules about religious affairs, they were considered at “Policy” level, yet this one is legislated as a “Law.” The future situation for many house churches and millions of Christians is quite uncertain. While this action may motivate more people to tune into FEBC’s gospel broadcasts in coming years, please pray for the Hong Kong team and all believers in China struggling with these new laws.

**Mon 11** – Pray for FEBC’s Hong Kong broadcasts to seven ethnic groups which reaches several million people through programs in their own language.

**Tue 12** – Following website blocking by authorities in November 2015, a decision was made to use multi-channel platforms to reach listeners. Praise God for innovative technologies like smartphone Apps and SD cards.

**Wed 13** – WeChat is a popular social networking platform in China, which they are

now using as a public platform. Please pray that God will use this additional platform to reach the people of China.

**Thu 14** – By the end of 2016, the second

FEBC uses WeChat in China

App on Android phones was completed and more than 10 programs are scheduled on this App. Pray that listeners will listen to the programs on their mobile phones.

**Sat 16** – FEBC Hong Kong serves as the China Ministry Office, coordinating the daily production of more than 23 hours of programs produced by five FEBC studios. 16 Hours of these programs are available on the Internet daily. Please pray for the producers of these programs.

## FEBA India

First Response Radio in India

**Sun 17 – WEEKLY SUMMARY:** FEBA India's ethnic radio programs are specially designed to suit their audience in their own language and culture. Each letter, phone call, email and text message is responded to personally. They are unique in relevantly presenting the gospel to the people, to evoke a genuine response to the Lord and enable them in turn to live a life of abundance. Praise God for this ministry as their broadcasts can reach almost 300 million Indians with the Good News of Jesus Christ.

**Mon 18** – Please pray that the broadcast signal will be clear and that the programs that are aired daily, through radio and internet, will be effective in ministering to the Indian

population.

**Tue 19** – Please pray that the program producers will have fresh and innovative ideas to create programs that will touch the hearts of people.

**Wed 20** – Please pray for the listeners who are hesitant to contact FEBA because of their fear of persecution. Pray that God would give them courage.

**Thu 21** – FEBA India effectively use Social Media to spread the gospel. Pray that the content they create to post on their social channels will be inspired by God.

**Fri 22** – With over 1.2 billion people, India is home to the largest number of unreached people in the world. Praise God for using FEBA India's ministry to preach the Good News through the airways.

**Sat 23** – Pray for FEBA India as they partner with other agencies to bring hope and practical help to people, using mobile equipment and distributing wind-up radios.

## FEBC Indonesia

**Sun 24 – WEEKLY SUMMARY:** Please dedicate your prayers this week to FEBC Indonesia. With a humble beginning in 1969 in a small bedroom turned recording studio, FEBC Indonesia began airing radio broadcasts through FEBC's shortwave station in the Philippines. The people of Indonesia speak almost 700 different languages (not includ-

ing dialects), and only 60% of the population can understand the official Indonesian language. This is why FEBC Indonesia offers broadcasts in 10 additional languages, all of them ethnic.

**Mon 25** – Please pray for the Christian broadcasts which can only be aired between 7pm

FEBC Indonesia uses ethnic broadcasters and half past 1 am. At other times, they offer call-in counselling programs, music, health, etc.

**Tue 26** – Pray for spiritual discernment for FEBC’s program producers and broadcasters as they produce materials for the many different people groups of Indonesia.

**Wed 27** – Since 1998 FEBC Indonesia has developed FM stations on the islands of Java, Sumatra, Kalimantan, and Sulawesi. Please pray for the staff of these stations.

**Thu 28** – Radio is critical to FEBC’s ability to share the gospel with the people of Indonesia. Please pray for more broadcasters from other ethnic minority groups in Indonesia, so more people can be reached.

**Fri 29** – FEBC Indonesia distributes radios to listeners across almost all of the 13 000 islands of Indonesia. Please pray for funds to buy more radios.

**Sat 30** – Pray for the transition at YASKI, for the staff and their new leader, Jusak, as they continue to form the new leadership team to carry on this 50+ year old ministry.

## FEBC Japan

**Sun 31 – WEEKLY SUMMARY:** FEBC Japan produces radio programs from its studios in Tokyo, Japan, which means FEBC is the only Christian broadcasting company in all of Japan. These programs are aired for 75 minutes daily, from a high power 250 kW medium wave transmitter on the island of Jeju in South Korea, which is strong enough to reach all of Japan. The Jeju Station is owned and operated by FEBC Korea. Please pray for this enormous ministry which also broadcasts the gospel through the internet.

### January 2018

**Mon 1** – Please pray for FEBC Japan who broadcasts the gospel to 127 million people in a nation where less than 1% of the people believe in Jesus Christ.

**Tue 2** – Pray for people to open their hearts and help raise the funds needed to keep FEBC on the air in Japan, and to expand their reach to even more people.

**Wed 3** – For many people, FEBC is the only “church” available in Japan. Pray for FEBC as they try to be both a teaching ministry and a worship service for a large number of listeners fearful of attending a church.

**Thu 4** – FEBC Japan developed a church visitation project a few years ago. Please

FEBC Japan’s National Director, Seiji Suzuki

pray for the staff who frequently travel to follow-up with listeners and pastors.

**Fri 5** – Please pray for Japan’s National Director, Seiji Suzuki, and his staff, as they work hard to reach the unreached Japanese people.

**Sat 6** – Please pray for FEBC Japan as they’re entirely dependent on donations from individuals, as the government and large organisations do not support Christian ministry.

## FEBC Kazakhstan

Listeners in Kazakhstan face persecution

**Sun 7 – WEEKLY SUMMARY:** According to a recently published article from ‘Christianity Today’, Kazakhstan’s youth are the fastest-growing group of Christians in the country. The generation that came of age just after the downfall of the Soviet Union, are now forming the foundation of many Kazakh churches. An English teacher who helps at one of these student-run churches says; “I believe many Kazakhs will accept Jesus as their God and Saviour, and there will be many churches formed. There is a great awakening in Kazakhstan”. Thank the Lord for the First Generation Church in Kazakhstan. Pray that FEBC’s broadcasts will continue to change the hearts of all the people of this nation, young and old alike.

**Mon 8** – Zhamila is the sister of FEBC’s manager and broadcaster in Kazakhstan, Nurlan. Please pray for her and her family. Pray that they will come to accept Jesus Christ as their

personal saviour.

# FEBC Kyrgyzstan

Ulanbek at the Issyk-Kul station

**Sun 14 – WEEKLY SUMMARY:** Technology is surely proving itself to be a major tool for advancement in the Kingdom of God all over the world. Recently Ulanbek, FEBC's program director in Kyrgyzstan, and Janysh, FEBC's manager, drove to an altitude of 3,800 meters above sea level, at the Issyk-Kul station to install new satellite dishes. They also installed an Orban-Inside processor. Everything is working perfectly. Because of this, the quality of the broadcasts will improve extensively allowing the gospel to be clearly heard by many more people in Kyrgyzstan. Thank the Lord for this great improvement!

**Mon 15** – Please pray for Ulanbek, as his programs are mainly family orientated and this gives him and his team the great opportunity to share the gospel with the unreached people of Kyrgyzstan.

**Tue 16** – Pray that God will bless Janysh's work and equip him with wisdom, to lead many listeners to accept Jesus Christ in this Muslim country.

**Wed 17** – The station in Toktogul have been receiving great feedback from its listeners. Pray that these broadcasts will continue to

touch many more hearts and win souls for God's Kingdom.

## FEBC Mongolia

**Sun 21 – WEEKLY SUMMARY:** Mongolia is the most sparsely populated country in the world, with only two people for each square kilometre. While 1/3rd of the country lives in the quickly growing capital of Ulaanbaatar, the rest of the country is nomadic, moving their homes where it best suits their herds of animals to graze. As a result, FEBC Mongolia has had to continue to install stations across the country to reach these nomads, who have limited access to the gospel. Thank God that FEBC Mongolia, locally known as Wind FM, can be heard on more than 10 stations across Mongolia.

**Mon 22** – Wind FM broadcasts seasonal programs; for example, during Easter last year they broadcasted programs on Lee Strobel's book "The Case for Christ" across the capital city and nine other provinces. Praise God for innovative ideas.

**Tue 23** – When they're not airing special seasonal programs, Wind FM follows a programming pattern they call W.E.L.L: Wisdom (Teaching), Evangelism, Lifestyle, Leadership. Please pray for W.E.L.L.

**Wed 24** – In July of last year FEBC International's President, Ed Cannon, travelled to Mongolia to report back to Moody Bible Institute news about Mongolia's latest radio

**Sat 27** – Praise God for testimonies like this one: "I've been listening to Wind FM Family radio for two or three years. One day I discovered a biblical program, I listened although I was not a Christian. But, because of the teaching I heard, I decided to follow Jesus."

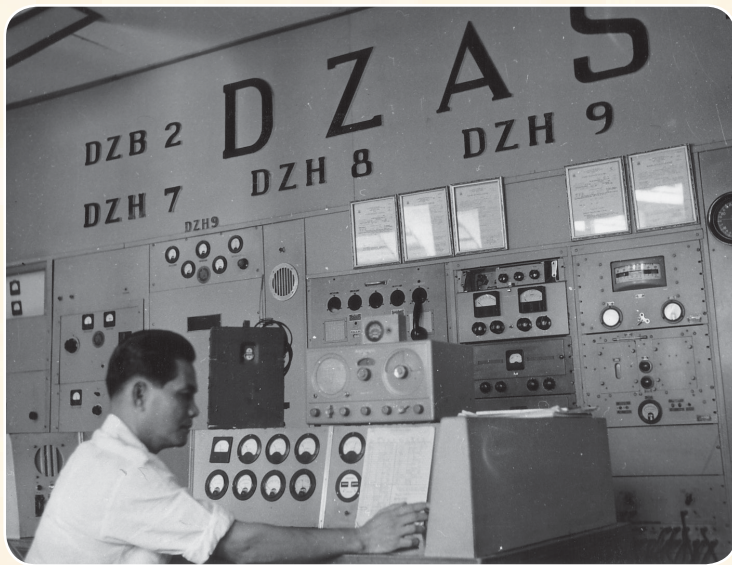

National Director of Mongolia:  
Batjargal (Bat) Tuvshintsengel

**Sat 3** – Pray for the online broadcasts that reach an entirely different audience. “I am so happy God made it possible to listen to DZAS through the web. I’m glad that 702 DZAS programs are now available for downloading and that I can listen to them whenever, and wherever,” said a listener from the Philippines.

Please continue to pray with us for religious freedom in Russia.
